Wood touched by Light

## FAROLILLO

---

Bang Design

### **Farolillo-S, paper memories**

Farolillo was designed by the components of Australian studio Bang Design, Brian Marshall and David Granger. It helps us recover those delightful moments as children, when we used to decorate trees with paper lanterns for a party. The paper lantern has always evoked a sensation of familiarity and kindness.

This lamp was specifically designed for LZF and has two pieces: an inner, cylindrical shade made of white cotton, and an outer one in die-cut wood which allows the object to be expanded or compressed, to allow adaptation to the different environments.

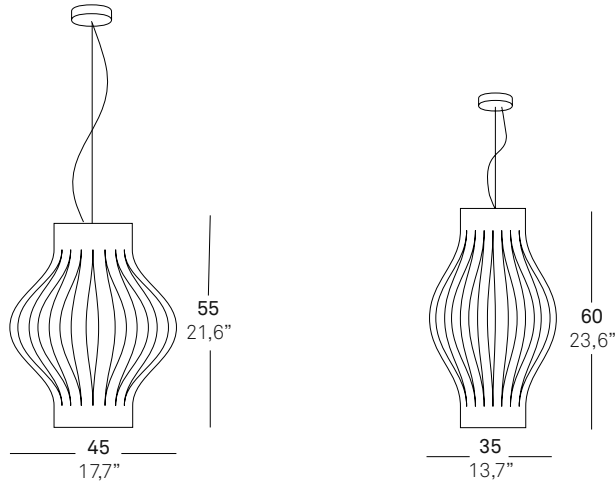

### **Farolillo-S, memoria de papel**

*Farolillo, diseñado por el estudio australiano Bang Design (Brian Marshall y David Granger), rescata de nuestra memoria el placer infantil de decorar con lámparas de papel los árboles cercanos durante las fiestas. El farolillo, desde hace mucho tiempo, evoca un universo de bondad y familiaridad.*

*La lámpara creada especialmente para LZF está formada una pantalla difusora interior cilíndrica, de algodón blanco, y una exterior de madera troquelada que le permite comprimirse o ensancharse, adaptándose a diferentes volúmenes.*
