Wood touched by Light

MINI MIKADO / MINI MIKADO SINGLE

Miguel Herranz

MiniMikado, light stencil

MiniMikado features a shade made of several pieces of die-cut wood veneer which gives it a dynamic, easy and sensual appearance. Its lightweight structure confers the lamp an elegant, stylised appearance, while the veneer fringe creates an attractive play of light and shadow.

MiniMikado was awarded the Good Design prize in 2008 and the Design Plus ("Light and Building") in 2006 making its creator Miguel Herranz a first class designer.

MiniMikado, troqueles de luz

Su pantalla realizada mediante varias piezas de chapa de madera troquelada le confiere un aspecto dinámico, ligero y sensual. La ligereza de su estructura le confiere proporciones estilizadas y elegantes, mientras que los flecos de las chapas crean atrayentes juegos de luces y sombras.

Ganadora del premio Good Design 2008 y del Design Plus, en la edición de "Light ad Building" en 2006, su creador, Miguel Herranz, se consagra como un diseñador de primera línea.
