Wood touched by Light

ORBIT/NUT

Miguel Herranz/Lzf Lamps

Nut, a simple tissue

Nut is a hanging lamp from the Orbit family. It features a quite simple intertwined design that results in a very elegant appearance that transmits continuity. Thanks to the use of wood veneer the lamp offers a special warmth which is its main asset.

Nut is Greek for "Goddess of the Sky". Its form and etymology reminiscent of a knot, hence its name, knot in Valencian. It was designed by Luzifer workshop in an attempt to explore and show the virtues of Polywood®. Perfect for private or commercial areas.

Orbit: sweeping, warm comfort

Orbit is a handmade wall lamp created by Spanish designer Miguel Herranz for LZF. With its intertwined pieces of wood veneer a clean, elegant figure eight shape is achieved.

Such simplicity of forms gives birth to a lightweight object with a minimum of material: just what Orbit needs to offer that warm quality of light and create a unique environment, a pleasant and homely atmosphere.

The name gives us an idea of its performance in virtually every interior: the lamp will be by our side as a guardian, keeping us comfortable and cosy with its warm light.

Nut, tejido sencillo

Nut es una lámpara de suspensión que pertenece a la familia Orbit. Un entrelazado sencillo y un resultado final elegante que transmite continuidad. Por un lado, su apariencia ligera, y por otro, la calidez lograda con el uso de la chapa de madera.

Nut, que en griego significa "Diosa del cielo", recuerda formalmente – ¡incluso etimológicamente! – a un "nudo". Es un diseño de Taller Luzifer y un ejercicio para resaltar y descubrir las virtudes del Polywood®.

Es una luminaria apta para espacios de hogar y comerciales.

Orbit, envolvente comodidad

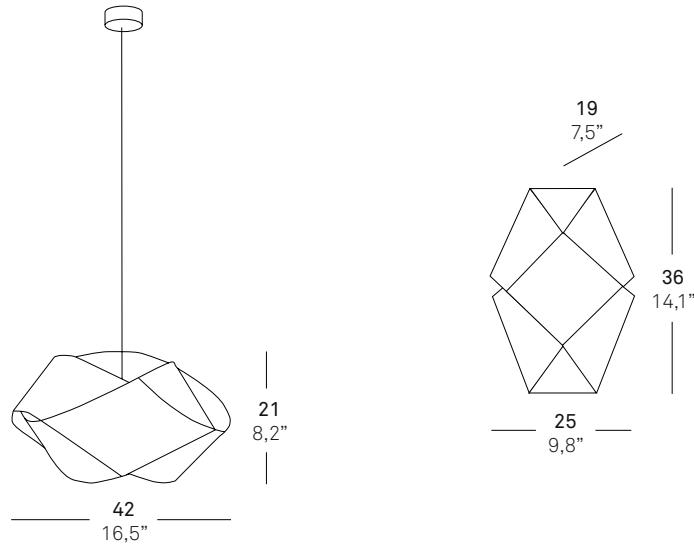

Orbit es un aplique hecho a mano, creado por el español Miguel Herranz para LZF. Su chapa de madera entrecruzada, le confiere una silueta limpia y elegante.

La ligereza se logra por la sencillez de su forma y el uso mínimo de material, justo para conferirle un aspecto cálido. Orbit es capaz de crear a su alrededor un ambiente único, envolvente y hogareño.

De su nombre se intuye la función que puede desempeñar en todo tipo de interiorismo: la lámpara se sitúa a nuestro lado y vela por nuestra comodidad y agradable visibilidad.
