X-Club, distinction and elevation

X-Club is a series created by German designer Burkhard Dämmer featuring a smart combination of direct and indirect lighting, very useful for private interiors, that adapts well to public and commercial areas.

A new version of the Club family, now “x”-shaped, it is easily spotted by its peculiar volume that immediately attracts all the looks; X-Club-S is a hanging sculpture that, like other LZf lamps, can be used in combination with other models.

All the versions of this series incorporate state-of-the-art electronic technology that guarantees a minimum electrical consumption.

### **X-Club, distinción y elevación**

*X-Club es una familia diseñada por el alemán Burkhard Dämmer, quien ingenió una sabia combinación de luz directa e indirecta, útil para espacios privados y para ambientes públicos o comerciales.*

*Es una reinterpretación de la familia Club, en esta ocasión, en forma de “x”; es precisamente ese volumen identificable el que le da tanta personalidad; consigue atrapar las miradas de todos. Una auténtica escultura suspendida, que como en otras lámparas de LZf, puede combinarse en un mismo espacio con más modelos.*

*Todas las versiones de esta familia incluyen una tecnología electrónica que asegura un mínimo consumo energético.*
